

Date: July 2021

**To our funeral directors, cremation owners, and operators,**

It is recommended by major manufacturers that you have your cremation equipment professionally serviced at least once every year. This is to ensure that all safety concerns are addressed and that your unit is in proper efficient working condition.

FRSR Crematory Repair, Inc., has developed an **Annual Preventive Maintenance Service** discount program/contract to help save you time and money. We will provide every crematory owner and operator with first rate service , repair, and peace of mind.

**Every FRSR Crematory Maintenance Inspection consists of, yet not limited to:**

- Inspect, calibrate, and regulate all gauges & switches
- Adjust flame lengths, air, and gas settings to specifications
- Inspect, clean, and evaluate all combustion components
- Inspect, clean, and calibrate hydraulic systems
- Inspect and test electronic components including amperages
- Inspect and evaluate refractory condition
- Inspect and evaluate hot air ducts, clearances and refractory Condition
- Inspect and evaluate mechanical condition

**Contact us today!** If you have questions or need additional information please contact us at FRSR Crematory Repair. Call or email if you are ready to schedule your annual contract at [sales@frsr.us](mailto:sales@frsr.us) or (612) 429-2537 x 1.
